C. CALCULATION OF TIME AND ONE HALF OVERTIME RATES

For example, an employee who is regularly scheduled to work 40 hours in a week (9:00am-5:00pm) works 2,080 hours in a year. An employee who regularly works 35 hours in a week (9:00am-4:00pm) works 1,820 hours in a year.

The value of meals provided to the employees by the County is not included in the employees' annual salary.

page 30

Time and one-half means that an employee earns 1-1/2 hours' pay for each hour of overtime worked.

- The following paid absences shall be considered as time worked for the
 purposes of computing overtime: holidays, vacations, jury duty days,

If an employee who has continued to earn overtime pay while working during his/her normal hours of work is released from duty before the end of his/her normal hours of work overtime pay will stop.
